

DIRECTIONS TO MELMOR ASSOCIATES, INC.

NOTE: We HIGHLY encourage drivers to follow these directions, or call us, rather than use a GPS. A GPS (including a truck GPS) will bring you through a residential area that is not suitable to large trucks. These directions are the approved truck route and the most direct to our location.

From Akron, Take I-76 east to I-80 east (do not take turnpike), and follow to:

From the Ohio Turnpike, take exit 218 (old exit #15) to I-80 east and follow to:

From Pennsylvania, take I-80 west and follow to:

From Pennsylvania on Rt.11, take Rt.11 south to I-80 west to:

From any of the above:

Go North on Rt. 46 approximately 3 ½ miles (under railroad trestle). Go another ¼ mile to Niles. You'll make a right hand turn onto McKee's Lane. There will be a red and white sign on the corner with "MELMOR" on it. After you make the turn, follow McKee's approximately ¼ mile to the "Y" in the road. Make a left at the "Y". You'll see another red and white sign on the corner. That will be Belmont St. you're turning onto. Follow Belmont about 100 yards over a bridge. Just over the bridge, cross a set of railroad tracks and make a right just past the striped fence. You'll see another red and white sign on the corner. After you make the right, you'll see a green building with our name on it. Bear to the left around the brick building and you'll see our office on the left.

Any questions call Melmor Associates, Inc. at 330-652-1784
